

Sponsorship Information

Statistics:

- **230** members in the Drexel University ASCE Student chapter.
- First Place at 2008 Mid-Atlantic Regional Concrete Canoe Competition, taking first place in every category.
- **Winners of Tony P. Chrest Award for Innovation at 2008 National Concrete Canoe Competition.**
- **Successful development of a two-mold casting system with self-consolidating concrete never before seen at the national level.**

2008-2009 Canoe Team Goals:

- Uphold a long standing tradition of success at the Mid-Atlantic Conference.
- Achieve a top five finish at the 22nd ASCE National Concrete Canoe Competition.
- Perfect the use of Self Consolidating Concrete through innovative new measures.
- Analyze canoe for dynamic load cases to measure transportation stresses.
- Continue to increase membership to the team and pass on the Drexel "Canoe Legacy."
- Introduction of new Project Management techniques and information sharing.
- Increase faculty and local business involvement and support of the team.

2008-2009 ASCE Goals and Aspirations:

- Hold educational meetings to expand the knowledge of ASCE members.
- Run civil engineering tours and site visits to explore real world applications of our knowledge.
- Create career connections between student member's and potential employers.
- Strengthen ASCE participation within the university.
- Become more involved with professional organizations such as the Philadelphia Section of ASCE and Younger Member's Forum.
- Become more involved with the community through volunteer projects.
- Raise funding for our newly created endowment fund.

Benefits to Sponsoring Companies:

- All donations are **tax deductible**.
- Company name to appear on all team paraphernalia and display board.
- Invite to our 3rd annual Concrete Canoe & Steel Bridge Alumni Reunion to be held in February
- Vital networking with future engineers, many preparing to graduate.
- Opportunity to, if desired, attend a Concrete Canoe or Drexel ASCE Chapter meeting to speak about your company.
