Welcome to the Bike Church Coop
Open Tuesday, Thursday, and Sunday
6:30-9:30

Please Sign In

AFTER EVERY THIRD VISIT YOU ARE REQUIRED TO DO A WORK SESSION
This enables us to keep our working space manageable and contribute to the Neighborhood Bike Works youth development program.

HISTORY

Bike Church was started in February 1998 by three volunteers from Youth Cycle and Recycle (the former incarnation of Neighborhood Bike Works). In those days we operated out of the basement of the church on 42nd and Spruce. Since then we have moved to our present location and continue as a program of Neighborhood Bike Works.

HOW IT WORKS

Neighborhood Bike Works operates and after school program and summer camp for children. They receive donations of a wide variety of bicycles and parts. Most bicycles are stored under the sanctuary of St. Mary's church, and can be accessed through Bike Church facilitators and staff. BMX and most Mountain Bikes are reserved for the kids program, but all others are available for purchase. Bicycles are either sold as-is, or can be refurbished by the mechanic at our Haddington Community Shop.

NEIGHBORHOOD BIKE WORKS PROVIDES US WITH THE USE OF THEIR SPACE AND TOOLS, FREE OF CHARGE. IN RETURN WE GENERATE IMPORTANT FUNDING FOR THE PROGRAM THROUGH THE SALES OF BIKES AND PARTS.

WE ARE NOT A BIKE SHOP!
HOWEVER WE DO OPERATE ONE AT THE SOUTH EAST CORNER OF 50TH AND VINE

ON YOUR FIRST VISIT

We ask that you fill out a waiver form. This is to cover liability and provide a record of how many people we serve on an annual basis. Upon each subsequent visit you will sign-in.

WHAT WE ASK IN RETURN

Upon your fourth visit you will be asked to provide one hour of service before further use of the shop. You can also volunteer during youth program hours (this is always an enormous help). There is always work to be done in the shop, sorting, stripping, and other fun stuff. In addition to this, we ask that you contribute to cleaning up the shop after each session attended. Please ask a facilitator what chore you can do.

PLEASE PAY FOR ANY PARTS YOU USE
